

Accelerate Business Performance

Business Performance Program

5 Stage proven approach;

Intro Call – quickly evaluate who you are why you are looking for business improvement. Also provides for a Q&A of who we are.

Discovery Call – in depth discussion around you, your business, its history, current performance and any hurdles that you are encountering. Enables us to provide an overview of our approach and how we can drive improvement in your operation.

Strategize Phase – deep dive 12 week program with weekly meetings to draw information, analyse data and create a strategic framework which is custom designed for your operation to get you to your time and wealth aspirations. Deliverables include a customized Strategic Business Plan with a detailed Task List of how to fulfill it.

Energize Phase – fortnightly coaching sessions to drive home the implementation of the Strategy with the implementation of the specific Tasks. Working with you, we are building, designing and calculating, supplementing and supporting the owners skill to drive progress.

Optimize Phase – monthly coaching sessions for performance oversight via the Management Action Framework for continuous improvement.
